

GREAT BRITAIN DECLARES WAR ON THE BULGARS

Bulgaria's Invasion of Serbia Leads to Declaration by Great Britain.

SERBIAN INVADERS ARE HEAVY LOSERS

Activity Reported on All Other Fronts But Results Unimportant.

BULLETS: LONDON, Oct. 15, 11 p. m.—Great Britain has declared war on Bulgaria.

Both Sides Gain in West. The political situation remains unchanged, Greece having formally announced that she would not intervene in behalf of Serbia.

Along the western front there has been heavy fighting in the Artois, Champagne and Vosges regions. Attacks were made by both sides but the gains and losses are described as being of little importance.

In the east the Russians have turned to the offensive in the region of Divinsk and although the German claim that they have repulsed most of the Muscovite attacks they admit that the Russians penetrated their line at one point.

The Italians again have been on the offensive and claim to have gained some successes against the Austrians. The latter, however, deny this statement.

Neglect and Careless Methods in Inspecting Submarine, Is Charged.

BATTERIES DEFECTIVE

Department Is Determined That Ships Shall Be Carefully Inspected.

WASHINGTON, Oct. 15.—Secretary Daniels today ordered the trial by court-martial of Rear Admiral William N. Little, retired, on charges involving neglect and careless methods in the conduct of his duties while in command of the submarine U. S. S. K-2.

It can be accounted for only as an evidence of the department's determination that the inspection of ships under construction for the navy shall be conducted with the greatest care and thoroughness.

The department has been led to believe that the inspection of the K-2 while building was not conducted with "sufficient care and thoroughness" the statement said.

Mr. Daniels said he had received a letter from Admiral Little saying he had been assured by the builders that any fault with the batteries of the K-2 which developed after the acceptance would be rectified by the company at its own expense and had recommended her acceptance on that basis.

ILLINOIS CONCERN GETS P. O. CONTRACT

\$184,556 to Be Cost of the Building, Exclusive of Heating Equipment.

TULSA IS CHEATED

\$64,000 of Appropriation Will Not Be Used; Mass Meeting Called.

WASHINGTON, Oct. 15.—A contract for the construction of the Tulsa postoffice and federal court-house building of limestone was today awarded by the treasury department.

The Farewell Heating & Engineering Co., Joplin, Mo., with a bid of \$25,667, was awarded the contract for installing the mechanical equipment.

The entire work is to be completed in twenty months from today. Both the Yeager and Farewell concerns were the lowest of over a score of bidders.

Tulsa is very apt to get the worst of it in the erection of its new federal building unless Secretary McAdoo can be induced to alter a ruling which he made the past year to accept the cheapest material in the construction of all public buildings.

Mrs. McAdoo, who was seated with the speakers, rose and smiled her acknowledgments.

Frank P. Walsh in Control of the K. C. Post

KANSAS CITY, Oct. 15.—Frank P. Walsh, a Kansas City lawyer and chairman of the federal industrial relations commission, today assumed the sole direction of the editorial and business policies of the Kansas City Post, an afternoon newspaper. The announcement is made that Walsh is to have full charge of its policies. He recently gained national prominence when the industrial relations commission held hearings in various cities and questioned many prominent men, including John D. Rockefeller, Jr. The Post has been owned by Fred D. Dunfee, the owner of the Denver Post. Dunfee bought it about seven years ago and spent a fortune in reorganizing it. It is estimated that only recently has the paper been on a paying basis. It is a red letter paper and has had trouble with advertisers, at one time being used as a boycott, another time declaring a boycott itself against certain business men. Walsh has had the support for many years of the Kansas City Star, the opposition afternoon newspaper. He was the attorney for the late William L. Nelson, owner of the Star.

QUARTER OF MILLION FOR M. E. UNIVERSITY

Name Committee of 15 Ministers and Laymen to Raise Endowment.

The Reverend Neff and Carl C. Magee to Attend Saratoga Convention.

THE appointment of a committee of fifteen ministers and laymen to devise ways and means to raise a fund of \$250,000 to endow the Methodist University of Oklahoma, located at Guthrie, with the view of making it one of the foremost seats of learning in the country, stood out as the feature of the fifth day of the twenty-fourth annual conference of the Methodist Episcopal church.

The fate of this institution, which has been in the courts for some time, has just been decided by a decision of the district court, and it is not going to be the fault of this conference if the institution cannot be made all over. The institution was formerly the Convention hall at Guthrie and makes an ideal home for the seat of learning. There is three years' time in which to raise the sum required, but no time is to be wasted in getting the amount.

Magee and Neff Named. This was only one of the very important matters to come before the conference. Signal honors were given Rev. Frank Neff, pastor of the First M. E. church of Tulsa, and C. C. Magee, also a Tulsa, when they were the first to be chosen as delegates to the great general conference, to be held next May at Saratoga Springs, N. Y.

The election of these delegates is considered to be one of the paramount matters to come before this conference. The ministers of the conference are allowed to select five delegates, while the laity choose as many.

On the first ballot yesterday Rev. Neff, Rev. Harry Case of Guthrie and Rev. T. H. Taggart of Oklahoma City were named as delegates. Only three were chosen and the selection of the other two will be one of the first matters to be taken up this morning.

The lay members of the conference have in mind selecting all of their delegates and choose C. C. Magee, Tulsa; A. J. McCall, Oklahoma City; J. W. M. Short, Fort Worth, Texas; L. J. Stark, Guthrie, and A. B. Wood of Mulhall.

HOW TO RECOGNIZE, IS UP TO LANSING

Will Call Another Conference of Pan-Americans Next Week.

WASHINGTON, Oct. 15.—Secretary Lansing will call a conference next week of the Pan-American diplomats to arrange the form in which recognition is to be extended to the de facto government led by General Carranza.

Although formal responses have not been received by the Brazilian and Chilean ambassadors here to the reports sent to their governments last week after the decision to recognize Carranza, informal assurances were given in advance of the conference to diplomatic representatives of the United States in Santiago and Rio de Janeiro that Chile and Brazil were in accord with the policy of the Washington government.

665,000 TO BE SIZE OF ARMY, SAYS GARRISON

Bigger and Better Army and Navy, Plans Are Just About Complete.

SERVE TWO MONTHS A YEAR IS NEW PLAN

Citizens to Get Sufficient Military Training During Vacations.

WASHINGTON, Oct. 15.—The administration program for national defense to be recommended to the forthcoming session of congress, proposing a total expenditure on the army and navy next year of about \$400,000,000, was practically completed tonight.

Secretary Garrison's plan, approved by the president, calls for an increase of \$75,000,000 in the war department's annual appropriation to be used for augmenting the regular army to 140,000 men and the creation of a new continental army of 400,000 men, which, together with the militia of 125,000, would give the United States a military force in time of need of 665,000.

Approval also was given today to the proposal of Secretary Daniels and the general board of the navy for a five-year naval construction program to cost \$250,000,000, giving the navy ten dreadnoughts and six battle cruisers as well as more than twenty submarines, fifty destroyers, ten scout cruisers and a host of auxiliary ships.

In Doubt About Ships. Secretary Daniels and members of the general board were in conference until late tonight discussing the exact number of ships to be recommended for the first year and a scheme for equalizing the expenditures over the five-year period. The program for the first year which seemed likely of adoption called for two battle cruisers, two dreadnoughts, 25 submarines, 12 destroyers and three scout ships.

At present the Brooklyn navy yard is the only one equipped to build battleships. The navy estimates this year will need provisions for construction of additional ships at Philadelphia for this purpose. The ship built at Philadelphia for construction of a navy transport was so designed as to permit its extension.

Secretary Garrison has guarded carefully his plan for strengthening the military establishment and organizing a great continental army for defense and practically nothing was known of it until tonight.

"First, regular army 140,000 men, an increase of more than 60,000 men in the present establishment."

"Second, a continental army 400,000"

GERMANY ALONE CAN STOP ATROCITIES

Viscount Bryce Says Through Tentative Government Is Only Way of Saving Armenians.

LONDON, Oct. 15.—"There is only one power that can stop the Armenian atrocities, and that is Germany," declared Viscount Bryce, in a speech today at the Mansion house, in support of the lord mayor's fund in aid of the Armenian sufferers. He declared the only remedy was to bring the pressure of world opinion, particularly of neutral opinion, to bear on Germany and force her to take action.

Viscount Bryce proposed a resolution condemning the reported atrocities which he said exceeded anything in the history of persecutions. He declared untrue the excuse offered by the Germans for the Turks to the effect that Armenians had rebelled.

In responding the resolution, Cardinal Bourne said that the evidence was strong that even Germany was not able to deny the massacres. Neutral, he said, should follow the example of Pope Benedict, who wrote a personal protest and plea to the Sultan.

Sir Edwin Pears, who had been the leader of the British bar in Constantinople, apparently surprised his hearers by saying that the persecution was not an article of Mohammedan faith, and that the massacres were deplored by the mass of the Turks.

PAGE NEVER SAID A WORD. Cables Secretary Lansing and Assurance Him of His Retention.

WASHINGTON, Oct. 15.—Ambassador Page at Rome cabled Secretary Lansing today that he never had expressed an opinion concerning the Italian campaign or given out any expression whatsoever in regard to the probable results or merits of the European struggle.

The state department had inquired regarding a published report that the ambassador had given an interview regarding the Italian army and as to the success of the Italian campaign.
